- ✓ Experience testing computer components and systems
- ✓ Experience troubleshooting computer components and systems
- ✓ Experience with RAID's, VMWare
- ✓ 3D CAD experience – SolidWorks is a plus
- ✓ Ability to obtain a clearance

Responsibilities: Systems Engineer with computer design experience to handle a variety of projects. The position will focus on the design, development and support of custom computer equipment to meet industry and military requirements. This position will be responsible for selecting and testing components, building and loading systems and troubleshooting designs to meet customer requirements. The candidate will be required to create documentation to support component selection, system design and testing. The position will require the creation and maintenance of BOM's and ECO's as well as responses to CAR's and PAR's. Candidate should have experience qualifying drivers for new designs. Major effort will be to support the Manufacturing, Quality & RMA Departments to improve design increasing productivity and quality. This individual will have "on-the-floor" presence and report directly to the Engineering Director.

Working at TAG

Since 1984, Technology Advancement Group, Inc. has been an innovator in driving the IT industry to develop new products and is a leader in advanced hardware solutions for the rugged tactical IT arena. Our objective is to achieve the highest possible levels of service, delivery, and customer satisfaction consistent with our clients' requirements. As a privately held company and not a subsidiary or division of any other organization, TAG is able to proactively meet our clients' needs while simultaneously building our employees' careers.

Culture

Our positions offer a unique opportunity to join a growing, dynamic company that is partnering with government to help ensure national security. We encourage innovation, creative thinking, and team player attitude. Come work in a professional environment that promotes corporate and personal growth yet fosters balance. Through your skills, creativity, and commitment to excellence, you can contribute to our country's national defense and have a great time doing it!
