# **TAG<sup>®</sup> to Showcase Field-Upgradable CPU<sup>™</sup> and Precision Guidance Technologies at the Joint Navigation Conference in Colorado Springs, Booth 42A**

*TAG's Tactical Systems Division will be in Colorado Springs June 27<sup>th</sup> for a four-day military conference focused on technical advances in positioning, navigation and other precision guidance technologies.*

**Colorado Springs, Colorado — June 21, 2011** — Technology Advancement Group®, Inc. (TAG®) will be presenting their latest Field-Upgradable CPU and Precision Guidance Technologies at the annual Joint Navigation Conference being held in the Crown Plaza Colorado Springs. The co-sponsored event by Joint Services Data Exchange (JSDE) and The Institute of Navigation (ION) will be held June 27-30 with tutorials and sessions starting on Monday. The exhibit hall will be opening its doors to attendees for only two days starting Tuesday, June 28<sup>th</sup> at 10:00am and running through Wednesday, June 29<sup>th</sup> until 4:00pm.

Members of the Tactical Systems and Advanced Engineering Concepts groups will be present for product demonstrations of the SV-20 Field-Upgradable Brick<sup>™</sup> that features a replaceable CPU module, Small-Form-Factor (SSF) chassis and conduction cooling technology. Also on hand will be the TAG Commander<sup>™</sup>, an Ultra-Mobile PC (UMPC) with the ability to integrate technologies such as military grade precision GPS receivers, wireless communications, and dual hot-swappable batteries.

## **About TAG® (Technology Advancement Group®, Inc.)**

TAG is a Veteran-Owned Small Business (VOSB) that has served as a leading provider of Information Technology (IT) solutions to the Federal Government and to the commercial sector for almost thirty years. TAG provides mission critical systems and services to resolve its customers' challenges by delivering industry-leading rugged hardware manufacturing and integration, tactical systems engineering, information technology services and staffing solutions, global communication network services and world-class 24x7x365 customer service. **Service Matters<sup>SM</sup>.
